

1. Skimmer main body (ABS)
2. Drive pulley (Alluminium)
3. Bottom weight pulley (Steel)
4. Skimmer belt (Varies)
5. Extendable 360° arm (Anodised Alluminium)
6. Adjustment, tightening handle (ABS)
7. Bottom clamp (Steel)
8. Power wire with 2m
9. Skimming element (stainless steel)
10. Hose attachment
11. Power switch

Technical information:

Power Supply voltage: 240V-110V AC
 Frequency: 50Hz
 Voltage: 12 volts DC
 Amperage, current: 2 A
 Resistance: 6 ohms Ω
 Wattage: 24watts
 No-load speed: 10RPM
 Rated torque: 5kg/cm
 Stall torque: 15kg/cm
 Weight: 1.kg

Diagram of the oil skimmer are shown for illustration purposes and may slightly vary from the actual state.
